SECTION 2 – SPECIFIC PRODUCT INFORMATION

Diabolus.eu™ Software for Diabetes is a Web site and a mobile application-based tool designed for patients to upload and process information from compatible devices to treat diabetes, e.g., insulin pump(s), continuous glucose monitor, blood glucose meter(s) and data provided by the users. The information is processed and stored in the Boulivan IT Ltd Diabolus.eu™ server located in United Kingdom (for non-United States end-users). The information is organized into easy-to-read charts, graphs and tables that can be used by the patient or shared with others, including healthcare providers, at the patient's discretion. This information can help patients and their healthcare provider discover trends and other information to assist with diabetes therapy management.
